THE RIGHT PLACE TO BE... CASCAIS & THE ESTORIL COAST

Cascais is a delightful Portuguese fishing town situated on the western edge of the beautiful Lisbon coastline, and is the region's most popular holiday destination. Historically the town was a favourite with the Portuguese nobility, and today the town is an elegant blend of grand 19th century architecture, traditional Portuguese charm and outstanding tourist facilities. These factors combine not just to make a great holiday destination, which is less than 20 minutes away by train but also a bustling fabulous place of multiple experiences which blend mountain and sea. This is the place that awaits to welcome you with open arms for the celebration of 20 years of sports medicine.

WELCOME FROM THE CONGRESS MANAGER

Dear Doctors,

I was so proud when you awarded Portugal the opportunity to organise this great educational event and my enthusiasm has only grown as I began to truly understand the importance of Sports Medicine. We have worked very hard to make this event special. And it is truly a time for celebration. To celebrate 20 years in this fast-paced world is wonderful. But to do it with such a great history of achievement is even more important.

So please join us because the networking opportunities will be the best ever, because the content is great, because the destination is perfect and because this is an Association that deserves to grow and develop.

So come learn, network, share and grow and we will all be here to make sure it is a great journey.

Join us and have a great summer.
